

th
**STREET
PROJECT**

Date: Wednesday, Jan. 15, 2014
Time: 4:30 to 6:30 p.m.

Location: Arnold Elementary,
5000 Mike Scholl Street (cafeteria)

Please enter the building through Door #10 on the north side. Parking is available on the north side of the school.

Based on comments from past public meetings and stakeholder feedback, the South Option East alternative was selected for the segment of NW 48th Street between W. Vine Street and W. Adams Street. Design on this segment is moving forward. At this meeting, we'll share the locations where the City of Lincoln proposes to acquire additional right-of-way and/or easements to construct the project from W. Vine Street to W. Adams Street. The design team will be available to discuss any comments or questions you might have. This segment is tentatively scheduled for construction in 2015, dependent upon the right-of-way acquisition process.

You're invited...
to a **PUBLIC
MEETING**

about the NW 48th Street roadway project

Currently a two-lane roadway, NW 48th Street will be designed as a four-lane divided road between W. Holdrege Street and Highway 34. South of W. Holdrege Street, the road will be designed as a six-lane road to match NDOR's proposed interchange project. The segment between W. Adams Street and Highway 34 is not scheduled for construction at this time, but preliminary design plans will be completed.

Join us for the project's third public meeting — stop by anytime between 4:30 and 6:30 p.m. on January 15.
